COLLECTIONS

Please Read Carefully

These root collections are made up from varieties that have grown well in our own and other gardens we visited and should do well in your garden if given ordinary care. If you give them special care like spraying for insects, watering and the most important, good cultivation, you should be well rewarded for the extra care by the wonderful blooms. Of course there are some garden soils that cause failures, also improper planting and unfavorable weather, and we cannot guarantee the growth in your garden, but we do guarantee safe delivery and in good growing condition; also to be true to name, and will gladly replace any received and found otherwise, or make a satisfactory adjustment. Roots shipped anywhere in the United States.

See Inside Back Cover for Planting Instructions.

NOTE

Owing to the great shortage of dahlias in many sections of the country, I am compelled to discontinue offering extras. No other business offers extras.

Our Guarantee

We guarantee all stock purchased from us to be true to name and delivered in good condition, and any stock received otherwise will be cheerfully replaced or properly adjusted. We should be promptly notified and roots returned, when complaint is made if you expect a replacement at once. Roots shipped by us and received by the purchaser with good eye showing can not be replaced. Not responsible in any case for more than the purchase price. On all replacements requested send 10c to cover postage and packing.

VISITORS WELCOME

Our show gardens are located on corner of Walker Ave. and 3 mile road, two and one-quarter miles north of West Leonard St. city limits. Call and get acquainted. It pays.

My gardens and field plantings are at their best usually from September 15th on, as most of the late plantings are in bloom then. Many varieties bloom early in August even if I do not finish planting until July 1st.

1946 GREETINGS

The past season has been a successful one. Owing to the short crop of roots in 1944 in other parts of the country, I had to depend on my own stock to fill orders and returned many late orders being out of suitable roots, but did the best I could.

The 1945 growing season has been poor in many sections of the country on account of the cold wet weather at planting time and labor shortage, making planting late, then hard frosts early in the season. Although many growers have only a $\frac{1}{2}$ crop, I grew my roots on a sandy loam and have better roots than last year. Do not wait until planting time to order and expect the choicest roots as I fill orders in rotation.

Thanks to all my customers for their past orders and I hope I may have the pleasure of supplying your wants again in 1946.

Yours respectfully,

A. T. EDISON.

Special Information

All orders, large or small, will be appreciated. Have your friends write a card for our catalogue, if you do not wish to keep our book and care to pass it on to some one interested, it will be appreciated.

State Inspected Roots

We ship roots that have been inspected and all out of the state orders will be accompanied by a certificate of inspection.

Growers and Dealers

Ask for our Special Lists but use your business card or letterhead when request is made by mail. No special plant or cutting list in 1946.

ORDER EARLY—As orders are filled in rotation—field-grown roots—ordering early will insure the reservation of varieties that later may be sold out. Orders are filled with varieties called for, and unless substitution is asked, I never substitute only on late orders for collections of cheap roots.

TIME OF SHIPMENT—Unless otherwise requested, tubers will be shipped between April 15th and May 1st, by express or insured mail, at my expense, any place in the United States (except States west of the Rocky Mountains) on all orders over \$2.00. Orders under \$2.00 add 15c to cover postage and packing. On all orders from western states mentioned, add 2c to price of each root to cover extra cost. In cold weather roots shipped express only. Orders from U. S. possessions outside U. S. add 5% extra for postage and packing.

TERMS—Cash with order unless parties are known to me. No goods sent C. O. D. unless 50 percent of purchase price accompanies order. We will hold your order for you if a deposit of 25 percent is made, balance to be remitted before shipment is made.

REMITTANCES should be made by bank draft, express or postoffice money order or registered letter. Postage stamps accepted up to \$2.00. Coin should not be sent by letter unless registered. Please send 5c, 10c, 15c and 20c stamps.

ERRORS—While my system for handling orders is as near perfect as possible, yet in the rush of business, errors are possible to occur, and I wish to be promptly notified of such and will at once make satisfactory adjustment. Make all complaints to me, not to your friends, as we aim to please.

NAME AND ADDRESS — Remember to write your **Name, Postoffice, County and State**, also give **zone and Street Number** or **P. O. Box** as plainly as possible.

Rooted Cuttings

We sell rooted cuttings of many varieties I grow plants of. Unless you are an experienced plantgrower, we do not advise the purchase of rooted cuttings. Ask for prices.

Rooted cuttings are sold only on the basis of safe delivery and good cuttings and our responsibility ceases there. If purchased, they should be potted soon as received in 3 or

Newest and Best Grown

4 inch pots in good potting soil and shaded 3 or 4 days, then grown in a green house or hotbed until you are ready to plant them out.

FOR 1946

ROLL of HONOR DAHLIAS

Achievement Medal Winners and Blue Ribbon Dahlias of Recent Introduction

ADIRONDACK SUNSET (Cackener-Parkway, 1935)

This aptly named variety has about everything a Dahlia can offer—color, form, personality, and splendid growing habits. The color is a brilliant scarlet red with golden tips, the center being tipped in golden orange.

Roots 75c

ADORABLE (I.D.) (Angell, 1935)

The color of this beauty is pinard yellow, outer petals flesh pink, and a prolific bloomer. Has a good stem and good growing habits. Scored 86 at the Storrs.

Roots 65c

AGNES FOSTER (Australia), I. D.

Here is a really large flower on strong stems, color clear pink, shaded orchid, with a deeper center. Grand champion at Karoonda Show. A fine strong plant that we liked very much.

Roots 65c

AILSA BELLE [Hulin, 1944]

Informal of raspberry red with a shade lighter on the reverse. Wonderful as a cut flower with stems as long as you wish. Every one likes this beauty.

Roots \$1.50

ALFRED LUNT [Parrella, 1942], F. D.

Exhibition as well as commercial. Height of plant 6 ft. Size of bloom 8 inches, or better. Color, Currant red to scarlet. The petals of this remarkable dahlia when fully opened fall almost to the stem and the formation is almost like a ball dahlia. The flower is of very good substance and stands out with its brilliant color. Cane-like stem holding the flower facing and on top. Insect resisting foliage.

Roots \$2.00

ALICE McLEAN, (Lewis-Franklin, 1941), S.C.

The outstanding Dahlia of the North Western Pacific Coast and Winner of Two Achievement Medals. Color, rich dark maroon-red with lighter reverse. Plants grow medium height.

Roots \$1.00

ALICE ADAMS (Australian), I. D.

Old rose shaded gold. Beautiful variety with slightly pointed petals, large blooms. Strong branching plant. Highly recommended to us.

Roots \$1.00

Edison's Dahlias

ALICE MAY [Australian] I. D.

A really great new white; sensational we would say. A tremendous flower with a beautiful artistic formation. Clean, strong, long stems and without doubt one of the greatest white Dahlias to date. Extra fine.

Roots \$1.00

All American

ALL AMERICAN, (Salem, 1941), Semi-Cac.

Color mulberry rose suffused salmon with wax yellow at base of petals. The petals twist somewhat and point in all directions. The bushes are six feet high and are covered with immense blooms which are held on straight stems. This is a very hardy variety. It won the American Home Achievement medal at Wisconsin State Show at Milwaukee; it was most outstanding specimen bloom at both Peekskill and Poughkeepsie; it was first Semi-cactus at the Central States Show, and blue ribbon winner in several other shows.

Roots \$1.25

AMERICAN PURITY (J. Nuneviller, 1937), S. C.

A true semi-cactus; pure white; huge blooms 6 to 10 in.; straight stems; Achievement Medal winner in 1936. (H.R.)

Roots 75c

APRICOT GLOW, I. D.

Beautiful color of blended pink and apricot. Blooms 5 to 8 inches and held on good stems.

Roots 60c

ANGIE V. F. D., 1943 (Robinson)

Bright scarlet in color, 8" to 9", forming almost a perfect ball. Insect resistant foliage; excellent keeper when cut. Winner of A.D.S. bronze medal and Sunset Magazine Gold Medal at Inglewood, Cal., in 1941. Best formal decorative seeding in Rockville Centre, N. Y., in 1942.

Roots \$1.50

AVIATRIX, [1940], I. D.

9-11 inch blooms of golden color with the center and tips varied with tinges of reddish-violet.

Roots 75c

Edison's Dahlias

AXFORD TRIUMPH [Australian] I. D.

Color apricot to orange. A huge Dahlia of exhibition variety. Robust plant that can carry 6 to 7 blooms at one time. Foliage insect resistant.

Roots \$1.50

BAKER'S BEST — I. D., Baker (1943)

Very large, clear yellow. Good grower, good stems and good root maker.

Roots \$1.75

BALLAY ROUGE [Ballay, 1945]

Brightest red true type, fine petalled cactus. Large blooms. Long straight stems. A perfect cactus variety that will grow anywhere.

R. C. \$2.00

BATAAN [1943, S. C., Retzer]

A beautiful red with gold shadings toward the tips. Free bloomer of good size held on long stiff stems. Fine for cutting.

Roots \$1.00

BEAUTIFUL LADY [Forest View, 1945], F. D.

Bright lemon yellow. 8-10 inch blooms, good stems, bush 5-6 feet tall. Rugged grower, insect resistant foliage, profuse and early. A good root maker and they keep well. Scored 84 at East Lansing. On Pacific Honor Roll.

R. C. \$1.75

BESS SMITH (Anderson) I. D., 1943

Winner Derrill Hart Medal in 1941, scoring 85 at 3 trial grounds. This large Pure White "A" type prize winning and Honor Roll Dahlia was the big sensation at the A.D.S. Trial Grounds in 1941, scoring a Certificate of Merit at Storrs, Conn., Cincinnati, Ohio, and Fairmount, W. Va., thereby winning the much coveted Derrill Hart Medal. It is pure white, with hardly a trace of cream or other tint. Its petals are wavy and placed close, making a thick petaled and pleasing form. Size average is about 8½ inches to 10½, depth 6 inches, with wiry 15-inch stems holding flowers on side. Bush is 5 feet tall with light green and very pest resistant foliage. It is an excellent keeper when cut and makes a superb basket Dahlia.

Roots \$1.75

BETTER TIMES (Stredwick, England) S. C.

Flowers on long, strong stems, color lilac pink, yellow center.

Roots 40c

BILL'S SPLENDOR, I. D. (S. D. G.) 1942

A deep tyrian pink, the most glowing and brightest of any pink dahlia we have ever grown. It grows 11 by 7 inches, actual measurement made by Lynn B. Dudley, past president A. D. S. The blooms are facing on long, straight stems. Bush growth about 6 feet, very hardy with dark, green foliage. A winner in the Open-to-All Class at New York. On all Honor Rolls excepting Dahlia Futurity Roll.

Roots \$1.75 Net

Edison's Dahlias

BLUE HORIZON [Tryon-Franklin, 1945], I. D.

Winner of the American Home Achievement Medal and Honor Roll Dahlia. Large blooms of French Violet with a decided blue cast. Long pointed petals with absolutely tight centers. Good stiff stem holds the flower well out of the foliage. Bush tall (six feet) and low branching. This dahlia has always won the blue ribbon whenever shown. Excellent keeping qualities, on the bush and when cut.

R. C. \$2.00

BLUE RIVER, F. D.

Color as near to a blue Dahlia as we have ever seen.

Roots 70c

BLUE ROSE [Keiser 1943] F. D.

Color a light yellow base, overlaid bluish-rose giving it a beautiful blue effect. Blooms 9 by 3 inches and held on long stiff stems up to 30 inches in length. Free bloomer and one of the finest for beauty and cutting. A florists delight.

Roots \$1.25

BURGUNDY [Redfern, 1937], I. D.

A huge wine purple dahlia held well out of the foliage on long, stiff stems. Bush 5 to 6 feet.

Roots 75c

CALIFORNIA IDOL (Ballay, 1935), I. D.

Another giant yellow with a coast-to-coast show record. Has been called the "yellow Murphy's Masterpiece". Color, true, clear glistening yellow, a true pastel shade and held on the best of stems.

Roots 50c

CAPT. CEDARQUIST, (Frank's Dahlia Gardens, 1941), Str. In. C.

A seedling of Miss Belgium but more superior in size, depth and form. A great prize winner under the 8-inch class. Color bright salmon orange, shading into a lighter tone at the tips. Long strong stems. First class cut-flower and exhibition variety. Winning two American Home Achievement Medals at Toledo and Wellsville Shows.

Roots \$1.10

CARL G. DAHL (Scott, 1938), I. D.

Color amberglow with golden sheen and a sweet brier reverse. Healthy bush; height about 5½ feet; insect resistant; blooms from early summer till frost; blooms 11 to 14 inches; a Dahlia to make you proud of your garden. Selected for the Honor Roll by J. W. Johnson.

Roots 85c

CAROLINA MAID, (Robens, 1940), I.D.

Mr. J. W. Johnston describes this one as, outer petals deep rose with salmon suffusion; the center is lemon yellow with deep rose tipping. Very large blooms on good strong stems. Plants about five feet high. On the House Beautiful Honor Roll and winner of a Certificate of Merit scoring 86 at East Lansing, Mich.

Roots 90c

CENTURY OF PROGRESS F. D.

A medium sized dahlia of deep rose color.

Roots 50c

CHARLES L. MASTICK, F. D. [Mastick]

Massive blooms of a true formal and very deep. The bushes are medium low but the deep apricot blooms are above the foliage on strong stems. Excellent keeper both on the bush and when cut.

Roots 65c

CHAUTAUQUA DAWN (Wallace, 1940), Cac.

A very worthy addition to the largest size exhibition cactus varieties. The blooms range from 9-in. to 11-in. The ground color is light yellow overlaid mallow pink, the center being mostly yellow. The effect is orange-pink and yellow. The flowers are facing to half erect on long, stiff stems, easily disbudded. Free bloomer until frost. A very beautiful and artistic dahlia. Certificate of Merit at East Lansing.

Roots 90c

CHEMAR'S DAHLIAMUM (Chemar, 1940), I. D.

A striking new type of informal. Very similar to a huge Japanese Chrysanthemum. Color a bright Cadum apricot with a golden sheen. The extra long petals recurve to stem, forming a very deep flower which is held erect on long stiff stems, well above a large six-foot plant. Blooms average 12 inches by 10 inches. Even under ordinary field culture the centers are always full. Certified at the A. D. S. trial grounds with a score of 86 and notation, "We consider this a good dahlia." Also featured in Dudley's Honor Roll.

Roots \$1.00

CHEROKEE BRAVE, Ricks, 1939, (I. D.)

Color, dark glowing carmine. Does not burn or fade. Long stiff stems hold the large blooms perfect. Good strong grower. Blooms last season 11 inches by 6.

Roots 75c

CHERRY CHEEKS, (England), Cactus

One of the lovely colors, yellow at center suffusing to salmon pink shades, with white at extreme tips.

Roots 75c

CITY OF SAN GABRIEL (McIlhany, 1939, Deco.-Ball

Deco.-Ball—a fine bi-color light bronze, striped and splashed bright red. Fine for cutting, good stems.

Roots 25c

CLARIAM KELTON [Wolbert-Rocky River, 1945], I. D.

An immense bloom facing slightly upwards on a long, straight stem, twelve inches to first set of leaves. Face of petals silvery orchid, reverse of petals deep lavender; general effect lavender. Bush growth medium height; a very prolific bloomer that never stunts.

Roots 60c

CLARA CARDER (Kemp, 1936), Dec.

One of the greatest pink decorative Dahlias we have ever grown. Its formation is on the border line between formal and informal decorative, and is in a color class by itself, it being a beautiful shade of clear Cyclamen pink, the only Dahlia we know of this color. The blooms are produced in the greatest profusion from early season until cut down by frost. (H. R.)

Roots 35c

CLARIAM KELTON [Wolbert-Rocky River 85A], I. D.

Bloom 10-11 x 5. A free-blooming variety of flame red with a yellow reverse which shows on the face of the flower as the petals curl and twist. Distinctive in form as well as in color effect. Fairly tall grower, with glossy green foliage. Achievement Medal winner at Toledo, Ohio.

R. C. \$1.75

CLASS (Salem, 1941), F. D.

One of the largest sulphur yellow formal decorative dahlias to date. Grown up to 15 inches, petals fall back toward stem when fully out. Strong, straight stems hold flowers directly on top. Bush rugged.

Roots 90c

COL. A. G. RUDD [Geneva, 1943], J. D.

Rich carmine with deeper mahogany red at center. Size of flower 11 to 12 inches, depth, 7½ inches and held on strong stiff stems. Winner A. D. S. show at New York and on Honor Roll.

Roots \$2.00

COLUMBIA, (Cuyahogo, 1942), S.C.

General effect orange, deep gold at center, peach pink on outer two-thirds of flower. Size 11½ by 7 inches. Won the Achievement Medal, as well as largest and most perfect bloom at Cleveland. All blooms in this exhibit over 12 by at least 9 inches deep. Won Achievement Medal at East Liverpool. It can be coaxed to unfold a mighty large bloom.

Roots \$1.75

COMMANDO [F. D., 1943] Golden Rule.

A clear shade of lavender or true phlox purple and very bright. Large clean flowers from 10 to 14 inches and held on long stiff stems. An achievement medal winner.

Roots \$1.35

CONSUL H. PU VOGEL [Australian], I. D.

A large beautiful white. Free branching and good bloomer. Strong 10 to 25 inch stems, 5 foot bush, strong grower, foliage excellent. One of the finest whites.

Roots \$1.25

CONFUCIUS, (Ballay, 1941), Semi-Cac.

Chinese red Semi-Cactus of very distinctive appearance and of largest size. American Home Achievement Medal Winner at San Francisco.

Roots \$1.75

CORALLINA [Holland], S. C.

Coral-red with violet glow, bronzy center, enormous bloom on long, strong stem.

Roots 50c

CROYDON GLORY (Kemp, 1935), F. D.

Of the formation similar to Monmouth Queen, but of slightly different tone of yellow. Blooms are a little larger than Monmouth Queen. One of the best of the newer varieties. Fine grower.

Roots \$1.00 Net

CROYDEN SUPERB [I. D.]

One of the best yellows in Australia for 1941. 11 to 12 inch blooms on long strong stems; will be hard to beat.

Withdrawn for 1946

DARCY SAINSBURY, F. D., (Australian)

One of the finest whites we ever grew. This Dahlia came to us from Australia. This is a champion, without exaggerating. The immense blooms are erect on cane-like stems, facing sideways. Height of plants 4½ feet.

Roots 85c

D-DAY [Dixie 1945], F. D.

Bloom 7 x 4, bush 4½ ft. This one-tone pink won a special award, as the flowers shipped to the New York A.D.S. Show were in fine shape after 72 hours en route. has cane-like stems, is prolific, and is fine for florists' use. On Eastern Honor Roll, and scored 86.2 at Ohio Valley Trial Grounds in 1944.

R. C. \$1.75

DEAN SHURTLEFF [Rockley 1942], I. D.

Semi-Cactus, very large brilliant Crimson shading to an Ox-blood Center. Stems are straight and stiff as steel—never droops, even in bud—9 to 13 inches to first leaf bracket. The finest I had in my 1942 garden. Also winner of Achievement Medal—Certificate of Merit and mentioned on three Honor Rolls.

Roots \$2.00 Net

DEEP PURPLE [Stephenson, 1940], F. D.

Color deep magneta purple with a velvety sheen. Very large 12 inches by 7. Good growers; foliage dark and resistant. Stems strong and holds the flowers facing out.

Roots \$1.25

CROWNING GLORY (Salem, 1941), S. C. to I. C.

Color Amaranth pink with venetion pink center. Form semi-cactus changing to incurved cactus when fully developed. Size 10 by 7 inches and beautiful. Wonderful bloomer. Achievement Medal A. D. S. Show at World's Fair. H. R.

Roots \$1.50

DE MOLAY, (Dahliadel, 1941), F.D.

A rugged velvety crimson. Grows without forcing 9 by 5 inches and will grow larger. Strong erect stems with insect resistant foliage and good flower placement. Plant 4½ ft. Certificate winner at West Virginia Trial grounds in 1939 and on House Beautiful futurity for 1941.

Roots \$1.25

DETROITER [Fleming 1935] F. D.

A grand dark red, nearly a maroon; early and constant bloomer. Flowers six to nine inches held on fine stiff stems. Fine for basket work or cutting.

Roots 75c

DIRECTOR M. A. HOWE (Paralls-Hulin Blamer, 1938), F. D.

Another of our very successful releases of the past year. Very large. Color Tyrian rose to cerise.

Roots \$1.00

DISCOVERY (Salem, 1937), I. D.

Deep rosy magenta with deep reddish garnet center. Many of the petals twist, showing a rose reverse. Very attractive in color. Bush of medium height; stems are strong. Excellent for forcing the largest bloom class. Shown once against most of the big ones, winning first. Very fine in garden this season.

Roots 65c

DIXIE'S MASTERPIECE, [Dixie, 1942], I. D.

Color, crimson; blooms average 12 by 8 inches on a 6 ft. bush. You will quit growing other reds after you grow this one. An Honor Roll Dahlia.

Withdrawn for 1946

DOROTHY GEER—F. D. (Geer, 1942)

Beautiful light rose, pink at center, to a lighter tone at the tips of the petals — 7 to 10 inch blooms of good depth held on good stems above the bush. An Honor Roll Dahlia that has won a Certificate of Award, medals and many blue ribbons.

Roots \$1.00

Edison's Dablias

DREAM BEAUTY (Putnam, 1938), Deco.

Bi-color nice long, wide pointed petals of lavender purple, with white tip about $\frac{1}{2}$ inch in length. Good strong plants and something new.

Roots 75c

DUKE OF WINDSOR, (Australian), L.D.

Blooms 11 x 6. This wonderful dahlia is undoubtedly the pick of the newer introductions. The color is best described as very solid dark red. A real champion.

Roots \$1.00

DWIGHT MORROW [Dahliadel, 1931], I. D.

A gigantic cardinal red Dahlia much admired by visitors for its rich color. (H. R.)

Roots 50c

EAST ROW [F. D., 1942, Golden Rule]

Size 10 x 5. Bush $5\frac{1}{3}$ feet. Color soft Nopal red, on very stiff straight stems. Foliage is very heavy and insect resistant. This dahlia is one of the earliest to bloom and grows like a weed. A sure fire grower and bloomer, and can be used for either cutting or exhibition. Achievement Medal Winner at Cincinnati in 1941. Certificate of Merit in 1941 at the East Lansing Trial Grounds.

Roots \$1.75

EDGAR GUEST [Koenig, 1944], I. D.

Closed center petals pale lemon yellow, other petals picric yellow with outer petals Martins' yellow. Blooms 5 to 11 inches by 3 to 7 inch depth. Free Blooming and beautiful flowers on stiff stems of good length. Very fine when cut.

Roots \$2.00

EDITH A. LEHMAN (Kemp, 1935)

Bloom ten by five, bush five feet. An introduction that is very favorably talked of and worthy of your trial. Color brilliant old rose with salmon suffusion. Stems strong, holding flowers well above the foliage. Petals are rather broad and heavy, giving the flower a rich appearance. (H.R.)

Roots 50c

EDITH WILLKIE — Tooker — S. C., 1942

The greatest white Dahlia of all time. Undeclared in three years of the toughest competition. A pure white semi-cactus Dahlia which grew 14 inches by 10 inches in the gardens this year.

Withdrawn for 1946

EMMA WALKER (Mac Dowell, 1939), S. C.

A very large flower that was good enough to win the American Home Achievement Medal. An early profuse flowering habit, splendid plant and stems. Color yellow shaded old rose with some lavender showing on tips of unopened petals. Very fine.

Roots 75c

ENCHANTRESS [Stolz, 1942], I. D.

Bright orange buff of good substance and profuse bloomer. Blooms 6 to 10 inches and good stems, bush 5 feet.

Roots 85c

One view of planting of 4000 plants in the field.

Prize Winning Varieties

ENTRUPS SULTAN (Foreign)

Deep carmine-red. Enormous flowers on long stems.

Roots 40c

ESSIE SMITH [Smith 85A, 1945], S. C.

Bloom 12 x 6½, Bush 5 ft. A borderline between lavender and pink, although best described as an amaranth pink. Recommended as one of the best for 1945, and on all 3 Honor Rolls. Petals curl to the very points. Large flowers of unusually good substance, and strong stems. Won 2 Achievement Medals in 1944, and a winner at shows in 1945.

R. C. \$1.75

EVELYN CHANDLER (Ballay, 1940), Semi-Cac.

Large bright gold of rare color. Selected and named by the guest of honor at San Francisco show after herself.

Roots 85c

EVENING STAR (1938), I. D.

Fine deep yellow and very fine for cutting, not large but good.

Roots 35c

FAITHFUL [Dahliadel, 1945], S. C.

Faithful in shape and color is like Michigan White, but is a larger flower. Blooms 10 inches by 5½. Bush medium. It should win in the semi-cactus white class.

R. C. \$1.50 Roots \$5.00

FANNY SANDT [V. & M.], S. C.

Color rose pink. One of the most beautiful formed varieties in this class. A color that fairly dazzles in the sunlight, and shows up brilliantly under artificial light. The blooms are of large size, and of good depth. Stiff stems, well above and out of the foliage.

Roots 50c

FIREBALL (Bissell, 1937) F.D.

A brilliant scarlet which does not burn or fade. The foliage is heavy and absolutely insect-resistant. Received Certificate of Merit and on Honor Roll.

Roots 75c

FIRST LADY, 1942, I. D.

Yellow and orange; yellow at center with the body of the flower heavily shaded pinkish orange. A spectacular 12-inch bloom of fine form. Extra good plant growth with its exceptionally clean foliage. Blooms freely and early on the best of stems. Because of these qualities it is ideal as a large cut flower. Fifteen blooms of this won the Blue Ribbon at the San Francisco Show. A fine new Dahlia that will rank high.

Roots \$1.50

FOREST FIRE (Dahliadel, 1935), I. D.

The most "different" and for that reason the most distinctive of all the novelties. A brilliant scarlet flame with blushes of yellow; yellow petaloids.

Roots 50c

FRAU FRANCOIS NAGELS (Foreign), I. D. to S. C.

Medium sized flower held on good stiff stems. Color an odd shade of reddish maroon. Very good bloomer.

Roots 40c

FROLICHE PFALS (Berger), S. C.

A very striking one. A light purple, tipped white. When it comes to sheer beauty, very few, if any, can rival it. The blooms are of good size and held facing sideways on good, strong, wiry stems, well above the foliage.

Roots \$1.00

GAIETY [Dozier, 1944], I. D.

Color flame scarlet blended orange chrome, center and reverse light cadmium, general effect bonfire red-orange. Most unusual and brilliant coloring. Size 9 to 10½ inches by 5 inches. Good substance and will keep. Plant vigorous. A bright spot in any garden or show.

R. C. \$1.00

GENERAL JOHN J. PERSHING [Ward, 1945], S. C.

This is a sport of that ever prize-winning dahlia Virginia Rute, with a new and pleasing color of a coral and jasper red with chrome flush. There appear some lines of violet on the petal. You can grow this as big as you can grow Virginia Rute. Foliage and growing habits are identical to that of Virginia Rute. Received a Certificate of Merit in East Lansing and West Virginia in 1943. Winner of The American Home Achievement Medal in St. Louis in 1943. Listed on Mid-Western Honor Roll and the Eastern Honor Roll of the Flower Grower.

R.C. \$1.75

GENE STRATTON PORTER (McIlhany, 1939), I. D.

A grand ruby red, Blooms 10 by 7 inches and a free bloomer.

Roots 85c

GERTRUDE LAWRENCE (Ballay, 1939), I. D.

Light cerise red held on long stiff stems way above the foliage. Can easily be grown 12 inches and free blooming. Achievement and gold medal winner.

Roots 85c

GILLMAN'S BEAUTY, F. D., (Australian)

Immense blooms of a delightful pink shade. Deep well-formed blooms on long, rigid stems. An outstanding Dahlia that should be in every exhibitor's collection. Australian variety. Won as best pink formal. Also won special award.

JOSEPH B. LANKTREE — I. D., 1942 (Ballego)

Bright red without shadings; officially "turkey red." This great dahlia was produced by Mr. Bernard Dunn. It won the Achievement Medal at Alameda in 1941, and judged both in the showroom and garden it was also awarded a \$500.00 cash prize as the best new variety to originate in Alameda County through a 3-year period. All three blooms in the Achievement Medal entry were 13 to 14 inches in diameter by 7 to 8 inches in depth and it grew to similar size the past season. We believe it is one of the very best bright red decorative to date. With ordinary care it will provide many large blooms that are useful for all purposes.

Roots \$2.00

JOSEPH A. McGINNIES (Wallace, 1940), I. D.

Deep, velvety, glowing, garnet red with black shadows. The blooms are of immense exhibition size on long straight stems. The rich coloring is even throughout the flower and is not streaked or spotted, even in hot sun. It is unusually insect resistant and is a heavy and continuous bloomer. The flowers are facing to erect. This dahlia is a great advancement in its color class.

COLLECTION ROOT NOTE:—When ordering these collection, suggest at least one substitute, as we may be sold out of some variety ordered and have to substitute with one of equal or of more value.

ROOT NOTE:—In the shipping of roots especially early in the season we try to send roots showing eye or spot where eye is indicated, but some eyes will not develop even then and we will gladly replace when notified, but the roots must be returned to me when the complaint is made if you expect a refund or replacement at once. All growers have the same trouble, as I get roots, paying \$10.00 to \$25.00 each, and if they fail to eye, I return them for replacement. Roots should not be planted in wet, cold ground as they will rot even if eyed. They will grow a lot faster when the soil has warmed up.

PLANTING INSTRUCTIONS

Roots

Roots should be planted in trenches or holes, four inches deep in heavy soil and six inches deep in sandy soil laid flat down [not on end] and covered with earth not over two inches in depth, filling in as the plant develops. Where drainage is poor, do not plant so deep and keep a furrow open between rows to facilitate drainage in wet weather.

You cannot expect a dahlia to grow in any wet soggy ground or expect replacements when planted in ground in this condition. Wait a few days for ground to dry out somewhat.

1946 Plant Note

Owing to the labor conditions, I am not listing plants, but will grow them as usual from the later introductions and they can be had when called for at my greenhouse.
